

# Introducing... Super Santa

We could use a superhero to look up to! Super Santa draws his powers from remarkable Americans!

**S**-leadership of **S**acagwea  
**A**-courage of Neil **A**rmstrong  
**N**-cartoons of Thomas **N**ast  
**T**-wit of Mark **T**wain  
**A**-vision of Susan B **A**nthony

Why do you want to be a **superhero**? You're already a saint, and you bring joy to the whole world.

Superheroes are good guys. Shouldn't they be saints?

You've got tabs on who's been naughty or nice – including supervillains

Naughtiness is so lame. But as a superhero I get to bash supervillains!

Superheroes are big news on the silver screen – nothing matches that fame and glory!

With sequels and popcorn!

Happy Holidays  
... and may you achieve your dreams!

As a superhero, Super Santa  
protects his secret identity!

Nobody guesses  
that Rudolph the Red  
Nose Reindeer is  
actually Super Santa!
